## Notice: About this Report

---

- This report has been prepared by the Joint Administrators/Liquidators and Supervisors of TXUEL and certain subsidiaries solely to comply with rule 2.30 of the Insolvency Rules 1986 to provide creditors with an update on the progress of the administrations and liquidations. Nothing in this report should be relied upon for any purpose including, without limitation, in connection with any investment decision in relation to the debt, securities or any other financial interest of any member of the TXU group including for the avoidance of doubt any decision to buy or sell or not to buy or sell any debt, securities or other financial interest. Any parties making such investment decisions should rely on their own enquiries prior to making such decisions and none of the administrators, supervisors, liquidators, KPMG LLP, its partners, members, employees, professional advisors or agents accept any liability or assume any duty of care to any party seeking to rely on this report for that purpose.
- The information contained in this report has been prepared by the Administrators/Liquidators and Supervisors of TXUEL and certain subsidiaries in their capacities as such. In preparing this report, the Administrators/Liquidators and Supervisors of TXUEL and certain subsidiaries have relied upon information obtained from the group's records and information provided by the Administrators/ Liquidators and Supervisors of TXUEG and its subsidiaries. Although the Administrators/Liquidators have no reason to doubt the accuracy of that information, they are unable to warrant or represent that it, or any information provided by any third party, is accurate. The Administrators/Liquidators and Supervisors act at all times solely as agents of TXUEL and certain subsidiaries without personal liability.
- Any estimated outcomes described in this report are provided as illustrations only and do not represent the actual distributions which will be paid to creditors. A number of assumptions have been made to arrive at these figures, some or all of which may prove to be incorrect. The actual distributions received by creditors will depend on a number of factors including:
  1. the actual realisations of each CVA company; and
  2. the actual liabilities of each CVA company.
- An increase or decrease in the asset realisations and/or an increase or decrease in the aggregate liabilities of any CVA company may significantly impact, either positively or negatively, the final outcome for creditors of that company and other companies within the group. In particular, the outcome for the Holding Companies depends on distributions resulting from the claims of four Holding Companies against TXUEG, and TXUEG's realisations depend upon the distributions which it receives from its subsidiaries.
- Estimated outcomes for each company with third party creditors are shown in this report on a Realistic Basis and on a Pessimistic Basis. Where creditors have claims against more than one company their total recovery can be estimated by adding together the anticipated recoveries they will receive from each company. The meaning of these terms is:
  1. Realistic Basis: subject to the caveats contained in this report, the realistic outcomes have been prepared on the basis of the Joint Administrators'/liquidators current views of the realistic ultimate realisations of assets together with their current views of the realistic ultimate level of CVA claims that will be admitted to rank for dividend against each Holding Company; and
  2. Pessimistic Basis: subject to the caveats contained in this report, the pessimistic outcomes have been prepared on the basis that the remaining assets to be realised achieve realisations at a lower value than the realistic outcomes.
- The Realistic Basis for the Holding Companies is also based upon the estimated outcome for the inter-company balances owed by TXUEG to TXUA, TEG, EH3 and TEG (HO) on a Realistic Basis in the Operating Companies' CVAs (see section 2.2 of the Explanatory Statement dated 10 January 2005 for the Operating Companies' CVAs as updated in Ernst & Young's report dated 24 May 2007). The Pessimistic Basis for the Holding Companies is calculated in a similar manner using the Pessimistic Basis in the Operating Companies' CVAs.
- The Administrators/Liquidators and Supervisors are under no obligation to update the information contained in this report.

## Update on key issues (cont.)

---

### Background

- The High Court in London appointed partners of KPMG as administrators to TXUEL, TXUA, TEG and TXUEG on 19 November 2002. We have subsequently been appointed administrators/liquidators to other Holding Companies.
- This report covers the progress made with the Administrations and voluntary arrangements of certain Companies (listed in Appendix 1) for the six months since July 2007. The officeholders last wrote to creditors on 7 September 2007 with an update on key developments.

### Further developments

- The principal outstanding issues in the administrations/liquidations are:
  - Ongoing tax planning and liaison with HM Revenue and Customs with a view to maximising tax asset recoveries and minimising tax liabilities.
  - Realisation of monies from the Operating Company estates and paying distributions to Holding Company creditors.
  - Resolution of certain litigation to increase assets available for creditors
  - Dealing with a late purported claim received by EH3. A party claiming to be a creditor of EH3 has begun court proceedings seeking the adjudication of this purported claim. Until the purported claim has been dealt with no further distributions will be made. The administrators, liquidators and supervisors believe, based on their review of the information and claim and legal advice, that the late purported claim has no merit and will strenuously defend the proceedings. If the purported claim had merit and were admitted it would have a material impact on future distributions from the Holding Company estates.

### Distributions

- To date the TXUEG Operating Company estate has paid five distributions totalling 88p in the £ with the last distribution being paid on 30 March 2007. We are informed by the Operating Company administrators that, after this distribution, there will be at least two more distributions with the next one planned for early 2008.
- The Holding Company estates have to date received a total of £415 million from the Operating Company estates. This amount is represented by a dividend of £380 million on claims of £429 million and an additional £35 million as a result of equalisation provisions set out in the CVA documentation.
- To date the Holding Company Supervisors have paid four distributions to creditors totalling £629 million. Any notices of future distributions and any other updates to creditors will be placed on the website [www.txuinfo.co.uk](http://www.txuinfo.co.uk).
