1. Introduction

1.1 Basis of preparation

This report has been prepared by the Administrators of the Companies to comply with their statutory duty to report to creditors under rule 2.30 of the Rules. This report provides details of progress in the administrations during the six month period to 27 January 2014 and should be read in conjunction with the Administrators' previous reports and updates and other formal announcements.

This report also provides an update for the CVA Companies' creditors on the progress and developments since 28 January 2013 pursuant to rule 1.26 of the Rules and should also be read in conjunction with our previous update reports.

We draw your attention to the contents of the 'Important Notice' on page 1 of the Explanatory Statement dated 10 January 2005 which can be located on the Administrators' website www.txuinfo.co.uk. There are numerous caveats and disclaimers in that document in particular in the area of estimated outcomes. The comments therein should be regarded as extending to this document also.

Other than for any statutory duty owed by the Administrators to provide a progress report to creditors, none of the Administrators, Ernst & Young, KPMG, their partners, members, employees, professional advisers or agents accept any liability or assume any duty of care to any third party (whether it is an assignee or successor of another third party or otherwise) in respect of this report, and any such party who receives a copy of this report, whether from Ernst & Young, KPMG or any other source, shall have no right of recourse against Ernst & Young, KPMG, its partners, members, employees, professional advisers or agents.

1.2 Background/summary update

The High Court appointed the Administrators to Group, TXU UK and EET on 19 November 2002, with the exception of Christopher Hughes who was appointed Conflict's Administrator of TXU UK on 11 March 2004. The High Court subsequently appointed Administrators to TXU Power and UKH on 17 February 2003 and 27 August 2003 respectively. The EEH and EH6 appointments were made on 18 September 2003.

On 28 January 2005 the creditors of the CVA Companies approved the voluntary arrangements for the 28 companies outlined in Appendix C. As previously reported, the CVAs represent a 'package deal' for the resolution of all disputed claims between CVA Companies and between Holding Companies and the creditors' claims against CVA Companies. This process was implemented to enable the cash already realised, and the cash from any future realisations, to be distributed to the creditors of the CVA Companies as quickly as possible, without the risk of protracted litigation to resolve the various disputed matters. Detailed information on this and other relevant matters is included in the Explanatory Statement which was forwarded to creditors on or around 10 January 2005.

Copies of the CVA Proposal Documents and other important updates are available at www.txuinfo.co.uk. Further reference to the progress in the CVAs is summarised in section 3 of this report.

Following the successful progress of the CVAs and the payment in full of all known TXU UK creditors, it was decided that the Conflicts Administrator's role had come to an end and pursuant to a High Court application by the TXU UK Administrators, the Court ordered that Christopher Hughes (formerly of Kroll Talbot Hughes LLP), be removed from office as Conflict's Administrator. On 26 March 2010, Gareth Hughes was removed as Administrator of TXU UK and EET as his specific roles had similarly come to an end.

On 6 August 2012 Group was placed into Compulsory Liquidation and the High Court appointed Alan Bloom and Roy Bailey as Joint Liquidators.

The Office Holders have made significant developments across a range of matters over the past six months with our emphasis being placed on the following areas:

- An eighth distribution to the CVA creditors was made on 15 August 2013 in respect of Allowed CVA claims of the CVA Companies, in accordance with clause 21.8 of the CVA Proposal Document. In total, £79 million was distributed to the CVA creditors in the period.
- £9.0 million further cash has been recovered by EET in September 2013 from the dissolution of 4 out of 5 overseas entities within the BVAG structure; and
- Significant progress has been made in settlement discussions with HMRC to resolve the employment tax claim against Group and TXU UK in relation to the unfunded pension liabilities.

The Supervisors are anticipating paying a ninth and final distribution once we are in a position to conclude the liquidation/administrations and CVA's of the CVA Companies, in accordance with clause 36 and Part F paragraph 5 of the CVA document and Explanatory Statement ("Termination of the CVA's"). The issues affecting the timing of the final distribution and conclusion of the administrations and CVA's of the CVA Companies are discussed on the following page.

The historic and future distribution timetable is detailed below:

- Actual first distribution 30 March 2005
- Actual second distribution 2 August 2005
- Actual third distribution 19 January 2006
- Actual fourth distribution 20 July 2006
- Actual fifth distribution 30 March 2007
- Actual sixth distribution 2 April 2008
- Actual seventh distribution 23 September 2009
- Anticipated eighth distribution 15 August 2013
- Anticipated final distribution To be confirmed

Appendix B of this report includes a schedule of the cumulative eighth distribution dividend percentages. To date, CVA distributions totalling approximately £2.0 billion have been made, of which £1.8 billion relates to the EY CVA Companies and £0.2 billion relates to KPMG CVA Companies. In addition £0.2 billion has been paid to TEG as shareholder of Group.

As previously reported, with regard to the final distribution and the termination of the liquidation/administrations and CVA's of the CVA Companies, it would depend on the successful conclusion of the several outstanding key issues, being:

- Agreement with KPMG, being the Office Holder of TEG, on a mechanism to deal with the contingent asbestos claims in TXU UK and the treatment of the surplus funds currently held in TXU UK; and
- Final tax clearance for all relevant UK entities and an overseas entity in Germany. We have been working with the tax consultants to resolve the open tax issues since our last report.

The Office Holders are working towards paying a ninth and final distribution by September 2014, although the timing will depend upon the progress that can be made in concluding the outstanding matters. Further detail on these outstanding matters is outlined in Section 2. The Office Holders will provide a further specific update on the final date for distribution in due course.

2. Administration progress

2.1 Update on matters since previous reports

The Office Holders of each CVA Company have continued to perform the functions required by them in accordance with their duties and powers. These are principally implementing the terms of the CVAs, realising the remaining assets referred to in the Chairman's report dated 28 January 2005 and resolving issues with outstanding creditors' claims.

Attached at Appendix A are receipts and payments accounts for the six administration companies and the liquidation of Group for the six months to 27 January 2014.

Specific commentary on the progress of certain matters is included below.

2.2 TXU UK – Treatment of asbestos claim and application of surplus funds

As reported previously, the TXU UK Administrators are currently holding funds of c.£14 million.

TXU UK's Office Holders believe that TXU UK may have future liabilities in respect of asbestos related claims whose aggregate value is estimated to be in excess of the £14 million surplus funds. The Office Holders of TXU UK have continued, in consultation with their solicitors, to explore the exit options available to them in respect of persons who have, or might in the future have, claims against TXU UK for asbestos related injuries.

The outcome of any eventual exit option undertaken will not affect the TXU UK creditors who have already received distributions totalling 100p in the £.

Following 18 months of no new asbestos claims, the Administrators commissioned an updated report assessing possible future liabilities in relation to latent person injury claims. The undiscounted future asbestos liabilities are estimated between c.£2.2 million and c.£21.0 million. This report was reviewed by an independent actuarial practice. Subsequent to the issued report, three new claim notifications have been received between February 2013 and August 2013.

KPMG have also concluded their review of the EY actuarial report and have indicated a lower estimate for future estimated liability claims. EY and KPMG plan to meet to discuss these differences during February 2014.

In addition to the £14.0 million reserve for the future asbestos related liabilities in TXU UK, there are funds totalling £16.30 million held at Group. This relates to cash which was transferred from TXU UK and Direct Sales as a part of the sixth and seventh distributions which has been ring-fenced pending a resolution of how these asbestos claims should be closed out.

In order to avoid a protracted legal process at significant cost, the Administrators are seeking a consensual agreement with TEG, being the ultimate shareholder of TXU UK, to resolve this issue. The TXU UK Administrators have put forward a proposal to TEG which covers two areas:

- dealing with the funds of £16.30 million which are currently ring-fenced at Group; and
- amendments required to the existing CVA in order to hold a reserve for future personal injury claims.

The Administrators are waiting for feedback from TEG on the above proposal to enable the matter to move forward.

2.3 Overseas assets

2.3.1 EET BV

Most of EET BV's assets have now been distributed to creditors and realisations to date from these assets total £59.8 million across Group, EET and TXU UK.

Based on recent discussions with the independent trustees of EET BV, we have been informed that:

- Following a recent ruling, the Tribunal directed the Belgium fiscal authority to make a payment of c. €2 million to EET BV in respect of its outstanding VAT claim. This refund was received on 23 January 2014; and
- The trustees hold residual funds of c. €4 million being realised from the bankruptcy of EET BV.

Accordingly, it is estimated that c.€5 million (depending on final tax clearance and professional fees) will be received by Group and EET from EET BV. We are now in discussions to distribute these funds to Group and EET as soon as possible.

2.3.2 BVAG

Work has continued since the previous report to resolve outstanding tax clearance to close the liquidation of the companies in the BVAG structure.

To date, 4 out of 5 BVAG entities being registered in Germany, Netherlands and Ireland have been dissolved resulting in a further recovery of c. £8.5 million to EET in September 2013.

The repatriation of the remaining BVAG entity's funds to EET, estimated at c.£2.5 million (net of future realisation costs), remains subject to the resolution of the final tax assessment and dissolution of the entity (expect to complete in June 2014).

2.4 Tax

As previously reported, HMRC had granted the UK corporation tax clearance to 6 August 2012 in relation to the Companies.

The Administrators acknowledge that now Group is in liquidation, losses generated by the holding companies are no longer available to the CVA Companies (apart from Group) and therefore tax may be payable on interest earned / other gains going forward.

The Administrators will communicate with HMRC to determine the final tax reporting and tax liabilities which have arisen from the potential taxable income earned post 6 August 2012 upon conclusion of the outstanding matters highlighted above.

2.5 Administrators' time costs

As at the date of this report, EY Administrators' fees of approximately £43.9 million plus VAT across the six administrations and Group (now in liquidation) as detailed below have been billed:

- A total of c.£23.57million in respect of Administrators' time costs that have been incurred on the six administrations, excluding Group; and
- Cumulative Administrators' fees of c.£20.33 million incurred to 5 August 2012 in respect of Group.

All EY Administrators' fees have been billed in accordance with the rates and approval mechanism agreed by the Creditors' Committees and subsequently amended by the CVA document.

Meanwhile, the KPMG Administrators of Group have incurred fees of approximately £14.7 million plus VAT and disbursements, as at 5 August 2012, which, as with the EY Administrators' fees, have been billed in accordance with the rates and approval mechanism agreed by the Creditors' Committees and subsequently amended by the CVA document.

Following Group entered into Compulsory Liquidation on 6 August 2012, the Joint Liquidators' remuneration are to be approved by the Liquidation Committee. No Joint Liquidators fees have been paid to date.

2.6 Creditors' Committees

The Administrators continue to report to the Creditors' Committees on all matters of importance in relation to the administrations/liquidations of the Companies.

3. CVA developments

3.1 CVA Progress

As outlined above, the eighth distribution to CVA Companies' creditors took place on 15 August 2013, when £79 million of cash was distributed to creditors and a further £0.34 million was paid into the claims reserve in relation to disputed claims.

In August 2013, a distribution of £75.6 million was made by the CVA Supervisor of Group to TEG being Group's sole shareholder.

Detailed at Appendix B is a table showing the dividend outcome to date.

We anticipate the ninth and final distribution will take place by September 2014, however, is dependent on the unresolved matters reported in Section 2 above. The Administrators will continue to use the TXU website to provide updates in relation to dividend timing in between progress reports.

3.2 Summary of assets, reserves and liabilities

3.2.1 Assets and asset reserves

Progress regarding the future assets recoveries (principally the remaining overseas assets in EET BV and BVAG), have been referred to earlier. With the exception of these recoveries, it is not anticipated that there will be any other material realisations.

In addition, agreement has been reached with TXU Acquisitions which has allowed £70 million to be released and an interim distribution to be made.

3.2.2 Liabilities

Total agreed claims currently stand at £2,076.6 million with general provisions for unsecured claims of £30 million. The end position creditor claims are anticipated to be £2,076.6 million on both a realistic and pessimistic basis, which compares to £2,197 million and £2,461 million respectively, as per the CVA Proposal Documents.

Work has continued since our previous reports in respect of the TXU UK personal injury creditor claims and the recovery of all unrealised assets with a view to resolving all remaining matters prior to the final distribution to creditors. It should be noted that, with the exceptions of the TXU UK CVA Creditor claims, all other external creditor claims have been adjudicated upon.

The table below illustrate the current position of external unsecured creditors in relation to allowed and disputed claims and a current estimate of the final end position on a realistic and pessimistic basis.

	Actual allowed claims (£million)	General reserve (£million)	Distribution total claims (£ million)	Current end realistic (£million)	Position estimates pessimistic (£million)
Group	465.0	10.0	475.0	475.0	475.0
EET	1,144.6	10.0	1,154.6	1,154.6	1,154.6
TXU UK	50.8	10.0	60.8	60.8	60.8
TXU Power	94.0	-	94.0	94.0	94.0
Other Ernst & Young Companies	125.1	-	125.1	125.1	125.1
Other KPMG Companies	197.1	-	197.1	197.1	197.1
	2,076.6	30.0	2,106.6	2,076.6	2,076.6

As you will be aware from previous reports, as part of the CVA process, the TXU UK Supervisors have been finalising a number of asbestos related personal injury claims in accordance with the CVA claim's admittance and distributions procedure. These claims have arisen in respect of liabilities relating to the former electricity operations of Eastern Electricity Limited (previously known as the Eastern Electricity Board), which were transferred on 1 October 2001 to TXU UK pursuant to the Eastern Electricity Limited Transfer Scheme.

Following the recent successful progress of the Supervisor's application to Court for modifications of the CVA, we are working with our legal counsel to consider the methodology for dealing with the claims on the basis of either the termination process of the CVAs (clause 36.2 of the CVA Proposal Documents) or otherwise.

3.2.3 Supervisors' fees

In accordance with the CVA Terms, the Supervisors' fees in relation to Group and EET are approved by their respective Creditors' Committees. The Supervisors' fees in relation to the remainder of the EY CVA Companies are approved by the EET Creditors' Committee. Across the six administration CVA Companies and Group, the fees billed to date are approximately £4.4 million plus VAT and disbursements.

1. The above dividend percentages exclude payments to Top-Up Creditors in accordance with Annex 5 of the CVA document.

2. A dash is shown where CVA companies have no known External Creditors and so a Distribution percentage has not been calculated or where in previous rounds, a company's cumulative Distribution percentage reached 100% and therefore no further payments to creditors are due.

3. Any casting differences are due to rounding only.
