1. Introduction

1.1 Basis of preparation

This report has been prepared by the Administrators of the Companies to comply with their statutory duty to report to creditors under rule 2.30 of the Rules. This report provides details of progress in the administrations during the six month period to 27 July 2018 and should be read in conjunction with the Administrators' previous reports and updates and other formal announcements.

We draw your attention to the contents of the 'Important Notice' on page 1 of the Explanatory Statement dated 10 January 2005 which can be located on the Administrators' website <http://txuinfo.co.uk>. There are numerous caveats and disclaimers in that document in particular in the area of estimated outcomes. The comments therein should be regarded as extending to this document also.

Other than for any statutory duty owed by the Administrators to provide a progress report to creditors, none of the Administrators, EY, KPMG, their partners, members, employees, professional advisers or agents accept any liability or assume any duty of care to any third party (whether it is an assignee or successor of another third party or otherwise) in respect of this report, and any such party who receives a copy of this report, whether from EY, KPMG or any other source, shall have no right of recourse against EY, KPMG, its partners, members, employees, professional advisers or agents.

1.2 Background/summary update

The High Court appointed the Administrators to Group, TXU UK and EET on 19 November 2002, with the exception of Christopher Hughes who was appointed Conflict's Administrator of TXU UK on 11 March 2004. The High Court subsequently appointed Administrators to TXU Power and UKH on 17 February 2003 and 27 August 2003 respectively. The EEH and EH6 appointments were made on 18 September 2003.

On 28 January 2005 the creditors of the CVA Companies approved the voluntary arrangements for the 28 companies outlined in Appendix C. As previously reported, the CVAs represent a 'package deal' for the resolution of all disputed claims between CVA Companies and with the Holding Companies' and creditors' claims against CVA Companies. This process was implemented to enable the cash already realised, and the cash from any future realisations, to be distributed to the creditors of the CVA Companies as quickly as possible, without the risk of protracted litigation to resolve the various disputed matters. Detailed information on this and other relevant matters is included in the Explanatory Statement which was forwarded to creditors on or around 10 January 2005.

Copies of the CVA Proposal Documents and other important updates are available at <http://txuinfo.co.uk>. Further reference to the progress in the CVAs is summarised in section 3 of this report.

Following the successful progress of the CVAs and the payment in full of all known TXU UK creditors, it was decided that the Conflicts Administrator's role had come to an end and pursuant to a High Court application by the TXU UK Administrators, the Court ordered that Christopher Hughes (formerly of Kroll Talbot Hughes LLP), be removed from office as Conflict's Administrator. On 26 March 2010, Gareth Hughes was removed as Administrator of TXU UK and EET as his specific roles had similarly come to an end.

As reported previously, Group was placed into Compulsory Liquidation on 6 August 2012 and the High Court appointed Alan Bloom and Roy Bailey as Joint Liquidators.

The Supervisors are anticipating paying a ninth and final distribution once we are in a position to conclude the liquidation/administrations and CVAs of the CVA Companies, in accordance with clause 36 and Part F paragraph 5 of the CVA document and Explanatory Statement ('Termination of the CVAs'). The issues affecting the timing of the final distribution and conclusion of the administrations and CVA's of the CVA Companies are discussed on the following page.

The historic and future distribution timetable is detailed below:

- | | |
|----------------------------------|-------------------|
| - Actual first distribution | 30 March 2005 |
| - Actual second distribution | 2 August 2005 |
| - Actual third distribution | 19 January 2006 |
| - Actual fourth distribution | 20 July 2006 |
| - Actual fifth distribution | 30 March 2007 |
| - Actual sixth distribution | 2 April 2008 |
| - Actual seventh distribution | 23 September 2009 |
| - Actual eighth distribution | 15 August 2013 |
| - Anticipated final distribution | To be confirmed |

Appendix B of this report includes a schedule of the cumulative eighth distribution dividend percentages. To date, CVA distributions totalling approximately £2.0 billion have been made, of which £1.8 billion relates to the EY CVA Companies and £0.2 billion relates to KPMG CVA Companies. In addition £0.2 billion has been paid to TEG as shareholder of Group.

As previously reported, the final distribution and the conclusion of the liquidation/administrations and CVAs will take place once we have reached a conclusion on a number of outstanding issues. The focus of the Office Holders will be to:

- Reach an agreement with KPMG, being the Office Holder of TEG, on a mechanism to deal with the contingent asbestos claims in TXU UK and the treatment of the funds held in TXU UK and certain other monies derived from TXU UK;
- Engage in discussion with relevant parties and their advisors to determine the extent of TXU UK's liability (if any) to relevant members of the Carillion Group of the Electricity Supply Pension Scheme; and
- Work towards paying a ninth and final distribution. The timing will depend upon the progress that can be made in concluding the above matter.

Further detail on the above is outlined in Section 2. The Office Holders will provide a further specific update on the final date for distribution in due course.

2. Administration progress

2.1 Update on matters since previous reports

The Office Holders of each CVA Company have continued to perform the functions required by them in accordance with their duties and powers. These are principally implementing the terms of the CVAs, realising the remaining assets referred to in the Chairman's report dated 28 January 2005 and resolving issues with outstanding creditors' claims.

An updated receipts and payments accounts for the six administration companies and the liquidation of Group for the six months to 27 July 2018 is set out in Appendix A.

Specific commentary on the progress of certain matters is included below.

2.2 TXU UK

At the time of the last report to creditors, the Administrators of TXU UK held funds of c£13.1m. As at the date of this report, the funds held total c£13m. In addition, TXU UK has been asserting a claim to certain funds at TXU Europe Group PLC. TXU UK contends that c£16.8m was paid to TXU Europe Group PLC by mistake. This relates to cash transferred from TXU UK and Direct Sales as part of the sixth and seventh distributions, and which has since been ring-fenced pending resolution of the dispute.

The presence of personal injury (PI) claims at TXU UK has, for a number of years, prevented the conclusion of the CVAs that are extant in the "Below the Line" estate. TXU UK's exposure to PI claims is ongoing. The TXU UK Office Holders believe that TXU UK may receive further such claims in the future with an aggregate value, under certain circumstances, estimated to be in excess of the held funds.

Discussions, on a without prejudice basis, have been continuing between the Administrators of TXU UK (and the officeholders of TXUEG) and the "Above the Line" / TEG officeholders aimed at ensuring TXU UK has adequate funding to meet PI claims, resolving the dispute vis a vis the monies paid by mistake, and paving the way for the ending of the "Below the Line" CVAs.

In the context of these discussions, and after informal market soundings, steps were taken to procure the sale of TXU UK to an insurer specialising in running off PI claims. If successful, and thus subject to contract and terms, it was determined that selling TXU UK could provide a pragmatic route to closure of the Below the Line CVAs, enabling the administration of TXU UK to be concluded and final distribution of the remaining monies held across the Below the Line estates.

In preparation for this sale, the TXU UK Administrators commissioned a new actuarial report to obtain an updated valuation of the potential future liabilities of existing and latent PI claims. Based on claims experience as at 31 December 2017, this report has estimated the discounted future liabilities, under certain assumptions and scenarios, at between £5.4m to £19.9m (£7.2m to £25.9m undiscounted).

An Information Memorandum for the proposed sale was prepared and eleven parties interested in purchasing TXU UK signed non-disclosure agreements entitling them to enter the bidding. Merger and Acquisition consultants were engaged with a view to commencing the transaction process at the end of January 2018.

However, a few days prior to the launch of the this process, the TXU UK Administrators were contacted by a law firm who put them on notice that TXU UK may be exposed to further significant liabilities. Given the uncertainty this presented, the decision was taken to suspend the sale until the situation could be clarified.

The law firm advised that they were acting on behalf of a group of pensioners and prospective pensioners within the Electricity Supply Pension Scheme (ESPS) (the "Scheme"). Under legislation relating to the UK electricity industry's privatisation in 1990, Scheme members were given "protected persons" status. In certain circumstances, this entitled them to look to designated "successor companies", as well as their present employer, to fund their pension benefits. The law firm contended that the present employer for certain members of the Scheme was a company within the Carillion Group which had gone into liquidation, and asserted that TXU UK was the successor company for these members as the result of obligations assigned to it from Eastern Electricity PLC pursuant to a statutory transfer in September 2001.

Subsequently (and on the recommendation of their trustee), certain Scheme members have submitted Notices of Claim against TXU UK. As at 28 July 2018 a total of 270 claims had been received. The Supervisors of the TXU UK CVA are working with their legal advisers to determine the extent of TXU UK's liability (if any), and further information has been requested from the trustee to assist the Supervisors in assessing whether these claims should be admitted in the CVA.

The TXU UK Administrators have briefed the TEG Administrators on these recent developments and the resulting uncertainty. Once the extent of any liability to these Scheme members is determined, the TXU UK Administrators intend to engage in discussion with relevant parties and their legal advisors to ascertain the optimal approach for dealing with both the existing and new challenges faced by the company. Pending clarification of potential liabilities, the Supervisors of the TXU UK CVA will not be in a position to make any further payments in respect of agreed CVA Claims.

2.3 Tax

As previously reported, the Joint Administrators have obtained the UK corporation tax clearance to 31 March 2014 in relation to the Companies. It should be noted that now Group is in liquidation, losses generated by the holding companies are no longer available to the CVA Companies (apart from Group) and therefore tax will be payable on interest earned / other gains going forward.

Tax returns for the year ending 31 March 2017 have been finalised and the relevant liabilities have been paid to HM Revenue & Customs.

Conclusion of the UK corporate tax affairs is subject to the completion of the outstanding issues and final distribution of the funds held within the Companies.

2.4 Administrators' time costs

As at the date of this report, EY Administrators' fees of approximately £44.87 million plus VAT across the six administrations and Group (now in liquidation), as detailed below have been billed:

- A total of c.£24.54 million in respect of Administrators' time costs that have been incurred on the six administrations, excluding Group; and
- Cumulative Administrators' fees of c.£20.33 million incurred to 5 August 2012 in respect of Group.

All EY Administrators' fees have been billed in accordance with the rates and approval mechanism agreed by the Creditors' Committees and subsequently amended by the CVA document.

The KPMG Administrators of Group have incurred fees of approximately £14.7 million plus VAT and disbursements, as at 5 August 2012, which, as with the EY Administrators' fees, have been billed in accordance with the rates and approval mechanism agreed by the Creditors' Committees and subsequently amended by the CVA document.

Following the compulsory liquidation of Group on 6 August 2012, the Joint Liquidators' remuneration is approved by the Liquidation Committee. Cumulative Liquidators' fees of c.£286k have been paid to date.

2.5 Creditors' Committees

The Administrators continue to report to the Creditors' Committees on all matters of importance in relation to the administrations/liquidations of the Companies.

3. CVA developments

3.1 CVA Progress

As reported previously, the eighth distribution to CVA Companies' creditors took place on 15 August 2013, when £79 million of cash was distributed to creditors and a further £0.34 million was paid into the claims reserve in relation to disputed claims.

Detailed at Appendix B is a table showing the dividend outcome to date.

A ninth and final distribution is anticipated, however, the timing is dependent on reaching a conclusion in relation to the unresolved matter reported in Section 2 above. The Administrators will continue to update the TXU website with news and information on the final dividend timing in between progress reports if appropriate.

3.2 Summary of assets, reserves and liabilities

3.2.1 Assets and asset reserves

Progress regarding future asset recoveries have been referred to earlier. It is not anticipated that there will be any other material realisations.

3.2.2 Liabilities

Total agreed claims currently stand at £2,076.6 million with general provisions for unsecured claims of £30 million. The end position creditor claims are anticipated to be £2,076.6 million on both a realistic and pessimistic basis, which compares to £2,197 million and £2,461 million respectively, as per the CVA Proposal Documents.

Work has continued since our previous reports in respect of the PI (including asbestos) claims against TXU UK and the recovery of all unrealised assets with a view to resolving all remaining matters prior to the final distribution to creditors. However, the receipt of potential claims from certain members of the Carillion Group of the ESPS has resulted in the possibility that the TXU UK liabilities may increase. It should be noted that, with the exception of the TXU UK CVA Creditor claims, all other external creditor claims have been adjudicated upon.

The table below illustrates the current position of external unsecured creditors and a current estimate of the final end position on a realistic and pessimistic basis.

	Actual allowed claims (£million)	General reserve (£million)	Distribution total claims (£ million)	Current end realistic (£million)	Position estimates pessimistic (£million)
Group	465.0	10.0	475.0	465.0	475.0
EET	1,144.6	10.0	1,154.6	1,144.6	1,154.6
TXU UK	50.8	10.0	60.8	50.8	60.8
TXU Power	94.0	-	94.0	94.0	94.0
Other EY Companies	125.1	-	125.1	125.1	125.1
Other KPMG Companies	197.1	-	197.1	197.1	197.1
	2,076.6	30.0	2,106.6	2,076.6	2,106.6

Note: The above table does not take into account the TXU UK personal injury claims (including asbestos) or the recent potential claims from certain members of Carillion Group of the ESPS as previously discussed in our reports.

3.2.3 Supervisors' fees

In accordance with the CVA Terms, the Supervisors' fees in relation to Group and EET are approved by their respective Creditors' Committees. The Supervisors' fees in relation to the remainder of the EY CVA Companies are approved by the EET Creditors' Committee. Across the six administration CVA Companies and Group, the fees billed to date are approximately £4.98 million plus VAT and disbursements.

1. The above dividend percentages exclude payments to Top-Up Creditors in accordance with Annex 5 of the CVA document.
2. A dash is shown where CVA companies have no known External Creditors and so a Distribution percentage has not been calculated or where in previous rounds, a company's cumulative Distribution percentage reached 100% and therefore no further payments to creditors are due.
3. Any casting differences are due to rounding only.
